COMPARATIVE AND INTERNATIONAL EDUCATION

The Faculty of Education at Western is introducing a new focus area in Comparative and International Education. Designed for graduate students who have an interest in the fields of comparative, international, development, and global education. Students will learn about the history, methodologies and theories related to the field of comparative and international education. Through the program, students will explore current international education issues, policies and trends through comparative and critical lenses.

Some highlights of the Comparative and International Education program are:

- Offered on full-time or part-time basis
- Onsite classes held in the evening to accommodate in-service teachers
- Students may select from one of the following study routes:

  **PROFESSIONAL ROUTE**                     **ACADEMIC ROUTE**
  4 Core Courses                                4 Core Courses
  2 CIE Elective Courses                        2 CIE Elective Courses
  1 Elective Course                             Thesis
  Master’s Seminar Course

**Application Deadline for Fall 2011 is January 7, 2011**

“...

In our interconnected and globalized world, it’s important to study education from comparative and international perspectives. Here at Western’s Faculty of Education, there is lots of support for graduate students like myself to engage in international research, attend seminars, go to conferences and learn from one another about this cutting edge field.

-Kelly Crowley, Ph.D. Candidate

... the next generation of leaders in education.”
