

Western Education

THE AFE SUPERVISOR'S "AWARD FOR EXCELLENCE" 2021

The Faculty of Education at Western University has long acknowledged the vital role of field experience in the development of new teachers. The Alternative Field Experience is successful because of the dedication and commitment of over 800 AFE Supervisors, and both teacher candidates and faculty are grateful for that service. Teacher candidates at the Faculty of Education benefit from experience in a variety of classroom settings, community organizations and social supports. AFE Supervisors, as exemplary role models, set standards of excellence for our teacher candidates.

To recognize this contribution, the Faculty of Education will present AFE Supervisors with the inaugural **AFE Supervisor's Award for Excellence**. A Supervisor will be selected from each of the following categories: Ontario K-12 School, Other School Setting, Community Organization.

Nominations may be made by:

- Alternative Field Experience Hosts
- Principals and Teachers
- Teacher Candidates
- Teacher Education Office
- Faculty Members

The selection of recipients will be made by a committee that represents:

- Alternative Field Experience Hosts
- Teacher Federations
- Teacher Candidates
- The Faculty of Education
