Program Context:
This is a Curriculum course taken by Teacher Candidates in Primary Junior/Junior Intermediate during Year 2, Term 1 and 2 of the Bachelor of Education.
Elementary Dance & Drama (EDUC 5179Q/S)

Course Description:
Dance and drama are integral parts of the elementary school arts curriculum. This course focuses on methods, content, planning, instruction, and valuation in elementary dance and drama education, and provides opportunities to explore the creative process. 1.5 hours per week, full year, .25 credit

This course will introduce teacher candidates to the world of elementary dance and drama curriculum and pedagogy through a thought provoking exploration of theoretical perspectives and practical applications.

Using a critical lens to understand and apply new concepts and principles, teacher candidates will develop the knowledge, skills, and attitude necessary to successfully implement a dance and drama program to support the diverse needs of PJI students.

The premise of this course is to explore dance and drama through the lens of equity, inclusivity, and social justice education, while also becoming proficient in analysing, understanding, and applying key aspects of the Ontario Curriculum Grades 1-8: The Arts (2009).

Teacher candidates will be challenged to deconstruct preconceived notions of what constitutes appropriate dance and drama education in order to consider new ways of thinking.

How to Protect Your Professional Integrity:

The Bachelor of Education is an intense and demanding program of professional preparation. Teacher Candidates are expected to demonstrate high levels of academic commitment and professional integrity that align with both Western University’s Academic Rights and Responsibilities and the Professional Standards and Ethical Standards set by the Ontario College of Teachers. These expectations govern your time in class, in your Practicum, in your Alternative Field Experiences, and include the appropriate use of technology and social media.

The Teacher Education Office will only recommend teacher candidates for Ontario College of Teachers certification when candidates have demonstrated the knowledge of, and adherence to, the faculty polices throughout the two-year program.

To review the policies and practices that govern the Teacher Education program, including attendance, plagiarism, progression requirements, safe campus and more, visit: edu.uwo.ca/CSW/my-program/Bed/policies.html

Faculty of Education Pass/Fail Policy:

All courses and assignments in the Bachelor of Education are assessed as Pass/Fail.

Instructors will make the Success Criteria of the assignments clear, and refinements of the criteria may take place in class as a means of co-constructing details of the assignments in the first two weeks of a course. This will allow for differentiation of process, product and timeline depending upon student needs.

Success Criteria will

- Articulate what needs to occur to demonstrate learning outcomes for a course/assignment;
- Inform the instructional process so that teaching can be adapted to ensure students continue to remain on track to meet the criteria as needed and appropriate.
- Align with the assignments created to provide opportunities for students to demonstrate the knowledge, skills and abilities they are working toward;
• Establish clear descriptive language that allows Teacher Candidates to identify, clarify and apply the criteria to their work and to their engagement in peer feedback;
• Focus the feedback on progress toward meeting the overall and specific tasks/assignment goals for the course.

Participation

Participation is essential to success in the Teacher Education program. As a professional school, you need to treat coming to class as showing up for work in the profession. If you are not in class, you cannot participate. Actively participating in discussions, peer reviews/feedback, group work and activities is integral to the development of your own learning and to the learning within your classroom community.

Given the varied experiences of Teacher Candidates in the program, you may engage with ideas/concepts or skills that are familiar or unfamiliar to you.

A Professional Teacher Candidate is one who:

• Arrives in class (virtual or on-site) on time, and prepared. This includes completing any readings, viewing assignments or tasks in advance of class as requested.
• Listens to others and contributes thoughtfully to discussions;
• Models respectful dialogue and openness to learn, monitors, self-assesses and reformulates one’s prior beliefs and understandings in light of new information;
• Monitors and addresses their wellness, practices self-care, and seeks appropriate support when necessary.
