Helpful reminders for students:

- Please review the Course Description document for pre-requisites when selecting courses with your supervisor. Once completed, including signatures, send this form as an attachment to your Graduate Affairs Assistants at cpels.graded@uwo.ca.
- Special courses, such as an IRR or courses outside of the faculty require approval from the Graduate Office. Submitting your course selections on this form does not guarantee you will get a spot in those classes.
- It is the student's responsibility to ensure they enroll in the courses as indicated above and to discuss any changes with their Supervisor(s). If changes are made, please complete, resign and resubmit this form to cpels.graded@uwo.ca.
- We will contact you approximately one month before each term with information about how to complete your online course enrollment through your Student Center account. Please contact cpels.graded@uwo.ca for more information.
