

## COMMUNITY SPEAKER SERIES: MARCH 27th, 2024

### Going Virtual to Reach Children & Youth with Developmental and Mental Health Needs

Supported by an MCCSS Workforce Capacity Grant, our Autism Services Integration Committee has been working together to both deliver and evaluate virtual services for children and youth with Autism Spectrum Disorder. Read more about our work [here!](#)

This event is for Western University students, community professionals, and families. Come learn about our Core Clinical Services program evaluation, how to prepare children and youth for virtual services, and to hear talks on developmental and mental health supports.

## COMMUNITY SPEAKER SERIES: MARCH 27th, 2024

People with Autism Spectrum Disorder experience barriers in their access to health supports and behavioural care. Our committee is working together to enhance service integration, increase service options for families, and increase system capacity to serve children and youth with complex needs.

One of our goals is to share information and knowledge through education, training, and community events. Read more about our speakers below!

### Colin King

Mary J. Wright Child and Youth Development Centre

Dr. King is an Associate Professor at Western University and the Director of the MJW-CYDC. He is a registered School and Child Clinical Psychologist and has trained and worked in a variety of community, hospital, and mental health settings.

### Katelyn Bryant

Mary J. Wright Child and Youth Development Centre

Dr. Bryant is a registered School and Child Clinical Psychologist and Assistant Director at the MJW-CYDC. She has trained and worked in school, community, intensive inpatient, and private practice settings.

### Pa Lemon

TVCC  
Autism & Behavioural Services

Pa Lemon is a Board-Certified Behaviour Analyst and Clinical Supervisor for TVCC in Autism & Behavioural Services. She provides orientation and training to TVCC on Safe Management Group (SMG) and Solution Focused Coaching.

### Nicole Neil

Western Education  
MPED ABA

Dr. Neil is a Board-Certified Behaviour Analyst & Western Education Associate Dean of the MPED in ABA Program. She is interested in research for individuals with Autism and Developmental Disabilities, advocacy, and community outreach.
