

Insight Achievement Report

Created Wednesday, December 14, 2016

Intro

This achievement report offers you an opportunity to share the results of your research, and explain how it is contributing to a better future for Canada and the world. To demonstrate the impact of SSHRC-funded research, the information you provide may also be shared with Parliament, the research community and the public.

You must submit this report within six months after the end of your grant, including any extension. If you do not meet this deadline, you will be ineligible for future grants or awards until the outstanding report has been received.

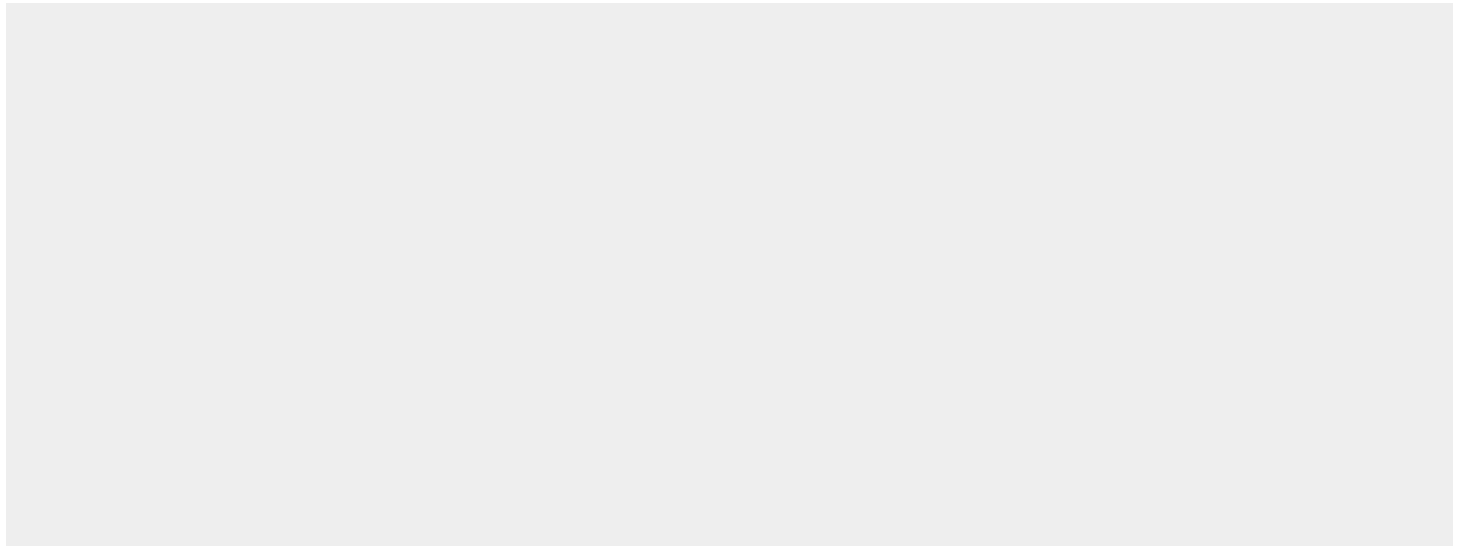

File number (43X-20XX-XXXX)

Award holder (Last name, First name)

1. Summary

1.0 RESEARCH INITIATIVE SUMMARY

1.1 Provide a plain-language summary of the results of your research initiative. This summary may be used for promotional purposes. Do not include proprietary information or personal information about others.

2. Outcomes

2.0 OUTCOMES

2.1 Are the results of this research initiative leading to one or more of the following outcomes? Select all that apply.

-
- Enhanced policy
-
- Enhanced professional practice
-
- Quality of life / well-being
-
- Training and skill development

2.2 **Optional** - Describe the outcomes of your research initiative with examples, if applicable. Do not include proprietary information or personal information about others.

2.3 Which audiences will benefit from the results of your SSHRC-funded research initiative? Select all that apply.

-
- Academic sector / peers
-
- Provincial government
-
- Postsecondary institutions
-
- Postsecondary students
-
- Other (Specify):

2.4 **Optional** - Elaborate on the audience(s) benefitting from the results of your SSHRC-funded research initiative, if applicable. Do not include proprietary information or personal information about others.

3. Collaborations

3.0 COLLABORATIONS

3.1

During the course of the project, did you collaborate with individuals or organizations from the following sectors?

Within Canada

3.0 COLLABORATIONS3.1

During the course of the project, did you collaborate with individuals or organizations from the following sectors? | From **your institution**

3.0 COLLABORATIONS3.1

During the course of the project, did you collaborate with individuals or organizations from the following sectors? | From **other Canadian postsecondary institutions**

3.0 COLLABORATIONS3.1

During the course of the project, did you collaborate with individuals or organizations from the following sectors? | From **government**

3.0 COLLABORATIONS3.1

During the course of the project, did you collaborate with individuals or organizations from the following sectors? | From **industry**

3.0 COLLABORATIONS3.1

During the course of the project, did you collaborate with individuals or organizations from the following sectors? | From the **not-for-profit sector**

Outside of Canada

From **postsecondary institutions**

From **government**

From **industry**

From the **not-for-profit sector**

3.2 Have you received funding from other sources for this project?

4. Students and postdoctoral researchers

4.0 STUDENTS' AND POSTDOCTORAL RESEARCHERS' PARTICIPATION

4.1 Have students and/or postdoctoral researchers participated in your SSHRC-funded research initiative?

4.1.1 How many students, postdoctoral researchers, and other non-students have participated in your research initiative as part of the project team?

grant	Supported by SSHRC Not supported by SSHRC grant			
	Number of Canadians and permanent residents	Number of foreign	Number of Canadians and permanent residents	Number of foreign
College students				
Undergraduate students				
Master's students				
Doctoral students				
Postdoctoral researchers				
<i>Other</i> (e.g., technician, professional research associate)				

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply.

ACTIVITIES

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Data collection

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Data entry

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Data analysis and literature review

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Communications

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Mentoring

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Networking and collaborations

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Outreach activities

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Participation in publications

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Project design

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Report writing / editing

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Teaching (including pedagogy and/or educational training)

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Internships or other activities in the business, not-for profit or government sectors

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | Activities that provide international experience

4.1.2 Indicate, if applicable, the kinds of activities in which students and/or postdoctoral researchers, supported by the SSHRC grant, have been engaged as part of this initiative. Select all that apply. | *Other*

5. Knowledge mobilization

5.0 KNOWLEDGE MOBILIZATION

5.1 Has your research initiative involved any of the following methods of knowledge mobilization? Select all that apply.

Knowledge mobilization is understood by SSHRC to be the specific activities and tools that facilitate the flow and exchange of research knowledge. Effective knowledge mobilization is seen as facilitating and enabling the benefit and impact of research on and beyond the campus, through enhanced accessibility and interaction.

- Academic dissemination (Essentially, a one-way flow to other scholars in or near your field(s) of research)
- Knowledge transfer (Transferring knowledge to scholars in other fields of research)
- Knowledge translation (Writing or presenting research findings in more readable or useable forms e.g., writing for a wider or more diverse public)
- Knowledge exchange (Exchanging or sharing knowledge with other disciplines or across sectors (two-way flow) e.g., workshop or conference)
- Knowledge synthesis (Pulling together existing research in a useful form for other researchers or organizations)

5.2 How many research products (including those under submission) have resulted from this project?

Products

No.

5.2 How many research products (including those under submission) have resulted from this project? | Presentations

5.2 How many research products (including those under submission) have resulted from this project? | Interviews (broadcast or text)

5.2 How many research products (including those under submission) have resulted from this project? | Peer-reviewed journal articles (open access journals)

5.2 How many research products (including those under submission) have resulted from this project? | Peer-reviewed journal articles (subscription based journals)

5.2 How many research products (including those under submission) have resulted from this project? | Edited journal issues

5.2 How many research products (including those under submission) have resulted from this project? | Books (including edited books)

5.2 How many research products (including those under submission) have resulted from this project? | Book chapters

5.2 How many research products (including those under submission) have resulted from this project? | Entries (dictionary and encyclopedia)

5.2 How many research products (including those under submission) have resulted from this project? | Conference publications

5.2 How many research products (including those under submission) have resulted from this project? | Op-eds articles in popular media

5.2 How many research products (including those under submission) have resulted from this project? | Reports, briefs, and other forms of grey literature

5.2 How many research products (including those under submission) have resulted from this project? | Artistic performances (including exhibitions)

5.2 How many research products (including those under submission) have resulted from this project? |

Other

If *other*, specify:

5.3 *Optional* - Provide any additional information on your research products, including web site links or other social media products. Do not include proprietary information or personal information about others.

5.4 Has your project resulted in the enhancement or creation of a tool to collect or analyze data (e.g., survey, database)?

5.4.1 ***Optional*** - Provide a brief description of the tool. Do not include proprietary information or personal information about others.

5.5 Has your project resulted in the enhancement or creation of a tool to mobilize/disseminate knowledge (e.g., a website or other educational tool)?

5.6 Is the quantitative and qualitative data collected through your project (in whole or in part) available through a disciplinary or institutional repository?

5.7 Has your initiative attracted media interest of some type?

6. Distinctions and 7. General remarks

6.0 DISTINCTIONS

6.1 During the course of your SSHRC-funded research initiative, have you or has someone in your research team been conferred an award or distinction related to the project?

7.0 GENERAL REMARKS

7.1 *Optional* - Use the space below to provide any other relevant input to SSHRC, including any additional achievements. Do not include proprietary information or personal information about others.

8. Feedback on report

8.0 FEEDBACK ON ACHIEVEMENT REPORT

Would you be willing to answer a few questions on your experience completing the report?
Your feedback will help us improve the report.

Before submitting your report, please ensure that your responses are complete. You will not be able to edit the information after it is submitted.

8.1 Approximately how long did it take you to complete the report?

8.1 Approximately how long did it take you to complete the report? | Hours:

8.1 Approximately how long did it take you to complete the report? | Minutes:

8.2 Given the need to demonstrate the value of SSHRC's investment, would you say the time it takes to complete the report is reasonable?

8.3 Were any of the questions difficult to interpret?

8.4 Did you encounter any technical difficulties in completing the report?

8.4.1 If yes, please explain:

8.5 If you have any further suggestions for improvement, please provide them.
